Lonza Wood Protection Supports The Rance Timber Annual Golf Day

March 4, 2013, Port Shepstone – The annual Rance Timber / Amatola Forestry Company Suppliers Golf Day is an event that is close to the heart of Lonza Wood Protection, who have not missed an opportunity to show their support since its inception in 2006. Each year Rance Timber invite their key customers and suppliers to sponsor and play in the golf day to raise funds to provide a sporting and social venue for the small surrounding Eastern Cape rural community of Stutterheim. Rance Timbers matched all funds raised at the golf day, and a generous donation of R90 000 was handed to the Stutterheim Country Club on the 3rd of March.

L-R: Graham Hansel (Rance Timber Marketing Manager), John Rance Snr (Rance Timber Operations Director) and Rory Milne (Lonza Wood Protection Customer Account Manager)

“It is a privilege to be a part of an initiative dedicated to the upliftment of the lives and community of Rance Timber employees. We would like to congratulate Rance Timber on

a successful and enjoyable event this year and we look forward to further participation in the future,” said Gerard Busse, Marketing Manager, Lonza Wood Protection.

Ends.

About Lonza Wood Protection

As part of Lonza Microbial Control, Lonza Wood Protection specializes in products for the industrial pre-treatment and surface protection of wood and has global operations in North and South America, Europe, key markets in Africa, the Middle East and Asia Pacific. Lonza’s approach to business is characterized by innovative products, valued brands and exceptional customer service, including:

- The broadest range of industrial wood treatments in the world
- Products which improve the performance of wood, one of the world’s most sustainable natural resources
- Treatments which make wood resistant to termites, fungi, mold, fire and moisture
- Products which sustain the natural appearance of wood
- Engineering and marketing services to help customers grow
- Broad global regulatory expertise and world-class toxicology and analytical chemistry skills, offering customers solutions that contribute to the sustainability of their own products and services
- Many products that satisfy green building and sustainability standards

With its 26 production and R&D facilities and more than 3,000 employees, Lonza Microbial Control is the global leader in microbial control with the broadest portfolio of active ingredients and registered formulated products including market leadership positions in wood treatment, water treatment, personal care, hygiene, and materials protection and strong offerings in performance products.

About Lonza

Lonza is one of the world’s leading suppliers to the pharmaceutical, healthcare and life science industries. Products and services span its customers’ needs from research to final product manufacture. It is the global leader in the production and support of chemical and biological active pharmaceutical ingredients. Lonza is also the world leader in microbial control, providing innovative, chemistry-based and related solutions to destroy or to selectively inhibit the growth of harmful microorganisms. Lonza is headquartered in Basel, Switzerland and is listed on the SIX Swiss Exchange and secondarily listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”). In 2011, the company had sales of CHF 2.69 billion. Further information can be found at www.lonza.com
